

TECHQUIP

Two-Stage Air Compressors

Model TECH15-120H-3

Techquip cast iron two-stage industrial air compressors

FEATURES

- Techquip all cast iron series compressors are designed for rugged industrial and automotive applications.
- Ductile iron crankshafts are counter balanced for smooth running and offer longer bearing life.
- Low operating speeds reduce wear and extend the life of all components.
- Large industrial filter silencers reduce sound levels and offer longer maintenance intervals.
- All units are thoroughly run-in and performance tested prior to shipment.

Techquip two-stage air compressors are available in a variety of configurations

Model TECH5-80V-3

5HP Models

Delivers 16.5 cfm @ 100 PSI, Max PSI 175
5HP units available on 80 gal. vertical and
horizontal tanks

5HP units available in 230/1/60,
208/230/460/3/60, or 575/3/60 volt

Models Available:

TECH5-80H-1 or TECH5-80H-3
TECH5-80V-1 or TECH5-80V-3

Model TECH7.5-80H-3

7.5HP Models

Delivers 24 cfm @ 100 PSI, Max PSI 175
7.5HP units available on 80 gal. vertical and
horizontal tanks

7.5HP units available in 230/1/60,
208/230/460/3/60, or 575/3/60 volt

Models Available:

TECH7.5-80H-1 or TECH7.5-80H-3
TECH7.5-80V-1 or TECH7.5-80V-3

Model TECH10-120H-3

10HP Models

Delivers 35 cfm @ 100 PSI, Max PSI 175
10HP units available on 80 gal. or 120 gal.
horizontal tanks

10HP units available in 208/230/460/3/60, or
575/3/60 volt

Models Available:

TECH10-80H-3
TECH10-120H-3

Model TECH15-120H-3

15HP Model

Delivers 48 cfm @ 100 PSI, Max PSI 175
15HP unit available on 120 gal.
horizontal tank

15HP unit available in 208/230/460/3/60, or
575/3/60 volt

Model Available:

TECH15-120H-3
